Winter's mess—removing salt residue—*make it easy!*

- Hardwood and vinyl floors
- Metal surfaces
- Rugs and carpets

Eliminates discoloring of floors and carpet

This industrial strength rinsing compound was developed to remove the dulling, white-chalky residue left behind by ice melting products. It neutralizes the corrosive film left behind without harming painted or finished surfaces.

Extend the life of your floor mats!

- Cuts through dull, white-chalky residue left by ice melting chemicals.
- Dissolves salt residue without harming painted or finished surfaces.
- Helps prevent the discoloring of floors and carpets.

Directions Complete directions on product label

Daily damp mop with 1-3 ounces per gallon of water. Rinse immediately with clean water. A little goes a long way!

To remove heavy film from equipment, dilute 6 ounces per gallon of water. Allow to act for several minutes, then rinse with clean water.

To eliminate carpet stains from ice melting residue, use 1-3 ounces per gallon of water in carpet extraction equipment.
