HAND DISHWASH DETERGENT/CAR WASH DETERGENT

Powder detergent for hand washing of dishes, glasses, pots, pans, and silverware. Use in hot or cold, hard or soft water. Contains 100% active ingredients.

ADVANTAGES

- Biodegradable.
- Extra mild, extra suds, extra cleaning power for heavier soils.
- No fillers added — formula contains 100% active ingredients. Wetting, penetrating, water softening agents are mild, yet effective.
- Contains no soap, harmful alkalies, or abrasives. Rinses completely. Will not leave alkaline film or residue.
- Use in hot or cold, hard or soft water.
- Completely all purpose.
- Free rinsing, non-streaking, very quickly and completely soluble.

DIRECTIONS

Hand Dishwashing: Use only enough to make the water feel soft; About 1 oz. per gallon of water.

Hand Car Washing:

1. Hose off vehicle with clear water.
2. 1 oz. shampoo to 1 gallon water. For maximum suds, put detergent in bucket then fill with hard stream of water.
3. Keep the mitt or towel wet at all times when washing.
4. Do not wash more than 1/2 of the vehicle at a time. Rinse thoroughly after washing. Do not allow wash solution to dry on car before rinsing. In very hot weather, when solution is drying too quickly, wash a smaller area at a time and rinse more frequently.
5. After washing and thorough rinsing, you might find it advantageous to move the vehicle from the wash rack areas to make room for the next vehicle.
6. Wipe the windows dry with a clean towel or chamois. The body and bright work by now should be dry or virtually so.
7. Now, take a clean, damp cloth and break any beads of water that remain. Also, wipe any spots that were missed in the wash operation.
8. Do not take time to wipe the entire car dry.

SPECIFICATIONS

Physical Form	Powder
Color	White
Scent	Lemon
Specific Gravity	.88
Density	54.67 lbs. per cubic ft.
pH 2%	9.45
Active Alkalinity	6.965%
Total Alkalinity	28.196%

WARNING: May be harmful if swallowed.
Causes mild skin irritation.
Causes eye irritation.
Keep out of reach of children.

SHIPPING WEIGHT IN POUNDS:

25 Pound Box	25.8 pounds
50 Pound Fiber Drum	52.1 pounds
100 Pound Fiber Drum	103.6 pounds
