#750 BOLTLOCKER

Red high strength and Blue medium strength thread locking compound locks and seals metal threaded assemblies. Fills gaps up to .008. Use before assembly. Protects threads against corrosion. Comes in Red - High Strength Blue and Green - Medium Strength 24 ml. bottle

INDUSTRIAL STRENGTH ADHESIVE AND SEALANT

Tough and abrasive resistant sealant. Provides tremendous adhesion, strength and versatility not found in silicone or rubber cement. Bonds to glass, metal, rubber, plastic, even cinder blocks. Stops water leaks. Flexible. Stronger than epoxy.

#734C3.7

#735-8

HIGH-TEMP SILICONE BRAKE AND CALIPER LUBE AND DIELECTRIC GREASE

For use on disc and drum brake systems. Stops brake squeal. Extends brake system life. Prevents rust and corrosion. High heat compatible. Excellent wash away resistance. It has excellent dielectrical properties and can be used as an electrical insulator and sealant.
